NSC Advanced First Aid, CPR & AED

The best training option for high-risk industries

OSHA mandates that a trained first aid responder must be present in high risk industries with the most dangerous jobs where medical emergencies require immediate emergency response. Ensure compliance and prepare your workforce with this comprehensive 16- to 40-hour advanced first aid course. NSC First Aid, CPR & AED is designed for the layperson as well as health care professionals. It's the industry-leading occupational first aid training that will train students to recognize and act competently and confidently in an emergency situation in order to sustain life.

Participants Learn How To:

- ✓ Basic life support training commonly taught to health care and rescue professionals
- ✓ How to control bleeding and manage shock
- ✓ How to care for injuries and medical emergencies
- ✓ Advanced resuscitation techniques
- ✓ About special situations like behavioral emergencies, pregnancy and childbirth
- ✓ Remote-location first aid

We never charge processing fees for the nationally recognized NSC Course Completion Card - required for OSHA compliance!
